### **ROMAN'S BACKGROUND**

With more than 20 years of experience as an actor, comedian, production manager, educator, director, and producer, I've been afforded a wealth of experiences that served as catalysts in allowing me to help others in the sharing of knowledge. In education, I've worked with colleges, universities, high school theatre departments, private studios, and the California State Summer School for the Arts. More info and full resume can be found at [www.limearts.org/roman](http://www.limearts.org/roman).

When working with students, I have a deep interest and curiosity in exploring:

- Kinesthetics
- Relationships
- Script Analysis
- Play
- Urgency
- Breath

My students - ages 6 to 76 - have gone on to win local and regional competitions, gain acceptance into their dream undergraduate and graduate schools, and land gigs around the country.
